

2017 Dodge Charger / Chrysler 300 — ADR-Critical Interior Hardware Catalog Commonality

VINs 2C3CDXGJ2HH530684 and 2C3CCAEG4HH586472

2026-07-31

CONDITIONAL — strong catalog-level commonality; installed configuration and ADR compliance are not proven

Executive determination

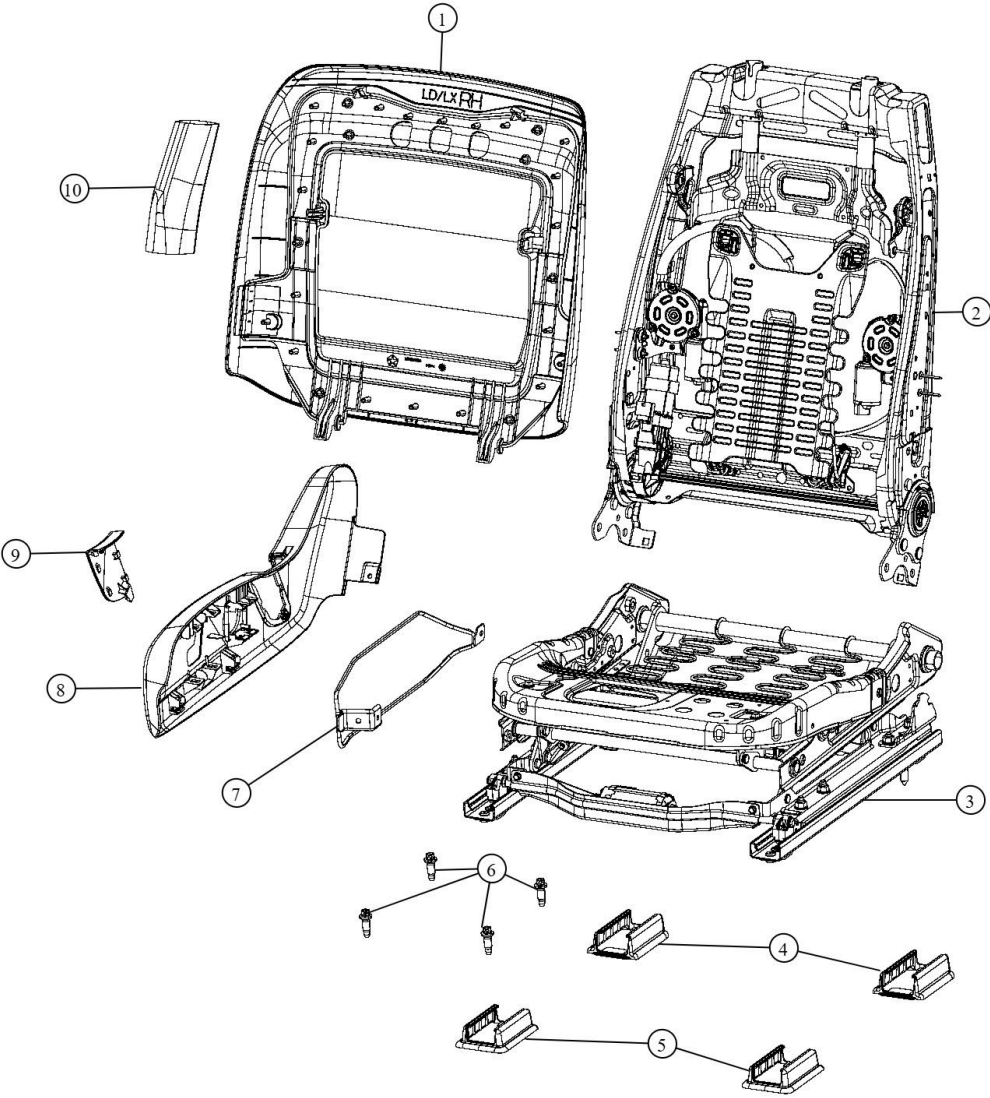

- 46 MoparAmerica exploded-diagram records collected with images and source URLs.
- 1485 raw part rows; 635 deduplicated candidates; 106 common candidates; 76 ADR-relevance keyword candidates; 51 conservative direct-safety candidates.
- 2023 sample: 14/19 parts appear in both 2017 routes; 2 Charger-only; 3 neither.
- CONDITIONAL: strong catalog-level commonality, not proof of VIN-installed configuration or ADR compliance.
- GAP: Chrysler VIN did not resolve in MoparAmerica; its catalog route was inferred from decoded vehicle identity.
- GAP: forwarding email text says “this is a challenger” while the STARPARTS title identifies LD; the inconsistency prevents vehicle-specific reliance.

Vehicle identity and catalog routing

VIN	Vehicle	Catalog status
2C3CDXGJ2HH530684	2017 Dodge Charger R/T 392 / R/T Scat Pack 6.4L V8 Gas	VIN accepted
2C3CCAEG4HH586472	2017 Chrysler 300C 3.6L V6 RWD / C 3.6L V6 Gas	VIN failed; route inferred

Supplied STARPARTS sample

2023 LD passenger power-seat assembly extract; not VIN-specific 2017 proof.

Callout	Description	Part numbers
1	PANEL, Front Seat Back	1UY02DX9AC
2	FRAME, Front Seat Back	68159139AA 68593541AA 68593544AA
3	ADJUSTER, Power Seat	68193460AC 68193462AC
4	COVER, Track, Rear	1UV50DX9AA
5	COVER, Track, Front	1UV51DX9AA
6	SCREW, Hex Head, M14x1.5x109.0, Adjuster To Floor	06507594AA

ADR scope matrix

Exact legal applicability remains conditional; catalog evidence does not establish compliance.

ADR	Title	Tier	Critical hardware	Status
2/01	Side Door Latches and Hinges	ancillary interior/body closure	Door latches, hinges and retention hardware	LIKELY; confirm approval-pathway applicability.
3/03	Seats and Seat Anchorages	core	Seat frames, tracks/adjusters, recliners, attachment bolts, anchor points	LIKELY BUILD-APPLICABLE; exact model/first-manufacture basis TBC.
4/05	Seatbelts	core	Retractors, buckles, pretensioners, webbing assemblies	LIKELY BUILD-APPLICABLE.
5/05	Anchorages for Seatbelts	core	Belt anchorage bolts, brackets, anchor points and related seat/floor interfaces	ADR 5 is likely relevant; exact edition requires model-lineage/acceptable-prior-rule confirmation.
8/01	Safety Glazing Material	ancillary interior	Windscreen/side/rear glazing and markings	LIKELY; outside present hardware comparison.
10/02	Steering Column	conditional core	Steering column, intermediate shaft, wheel and driver airbag interface	CONDITIONAL: ADR 10/02 clause 6.2 exemption may apply if ADR 69 compliance using a steering-column airbag is established.
11/00	Internal Sun Visors	ancillary interior	Sun visors and attachments	LIKELY; outside present core packet.
14/02	Rear Vision Mirrors	ancillary interior	Interior mirror and mounts; exterior mirror system	LIKELY; outside present core packet.
18/03	Instrumentation	ancillary interior	Instrument cluster, tell-tales and controls	LIKELY BUILD-APPLICABLE.
21/00	Instrument Panel	core interior	Instrument panel, interior impact surfaces, seat-back zones and power closure controls	LIKELY BUILD-APPLICABLE.
22/00	Head Restraints	core	Front and rear head restraints, guides, seat-back frames and locks	LIKELY BUILD-APPLICABLE.
25/02	Anti-Theft Lock	ancillary interior	Steering lock/ignition interlock and controls	LIKELY BUILD-APPLICABLE; no direct lock-system comparison completed.
29/00	Side Door Strength	system-level/body	Door beams, latches, hinges and side structure	LIKELY BUILD-APPLICABLE.
34/02	Child Restraint Anchorages and Child Restraint Anchor Fittings	core	Top-tether and lower anchorage hardware, rear seat interfaces	LIKELY 2017 BUILD-APPLICABLE EDITION; ADR 34/03 was made later in 2017.
42/04	General Safety Requirements	system-level/general	Interior fittings, controls, projections and general construction requirements	LIKELY BUILD-APPLICABLE.
69/00	Full Frontal Impact Occupant Protection	system-level	Airbags, belts/pretensioners, seats, steering column and sensors as a restraint system	LIKELY BUILD-APPLICABLE.
72/00	Dynamic Side Impact Occupant Protection	system-level	Side-curtain and seat-mounted airbags, seats, belts, door/side structure and sensors	LIKELY BUILD-APPLICABLE.
73/00	Offset Frontal Impact Occupant Protection	system-level	Frontal restraint hardware and occupant compartment as a system	POTENTIALLY BUILD-APPLICABLE; exact category/date/approval-pathway applicability requires confirmation.
85/00	Pole Side Impact Performance	system-level	Side-curtain and seat-mounted airbags, sensors and side structure	PROBABLY NOT MANDATORY for these 2017 vehicles; confirm exact build date and regulatory new-model history.

Common direct-safety hardware catalog candidates

Conservative screening subset only; engineering and VIN confirmation remain required.

Limitations and next evidence needed

- Obtain OEM build sheets/sales-code lists for both VINs.
- Run an OEM/dealer VIN-specific part query for exact side, colour, trim and restraint options.
- Verify installed labels/part numbers and installation photographs.
- Use test reports/approval evidence for ADR performance.
- Resolve recorded catalog-route gaps where possible.
